

To All Harrow Primary Care Clinicians

We are delighted to announce the launch a dedicated **password-protected page for Harrow Professionals** on the Borough Based Partnership section of the ICB's website where we have started the process of collating information relevant to all Partners, incorporating a sub-section specifically pertinent to Harrow Primary Care (titled **Harrow Primary Care Resources**). Please note, certain information on the Harrow Professionals page, such as the Mental Health Directory, is still pertinent to Primary Care, so please look through the resources in both sections.

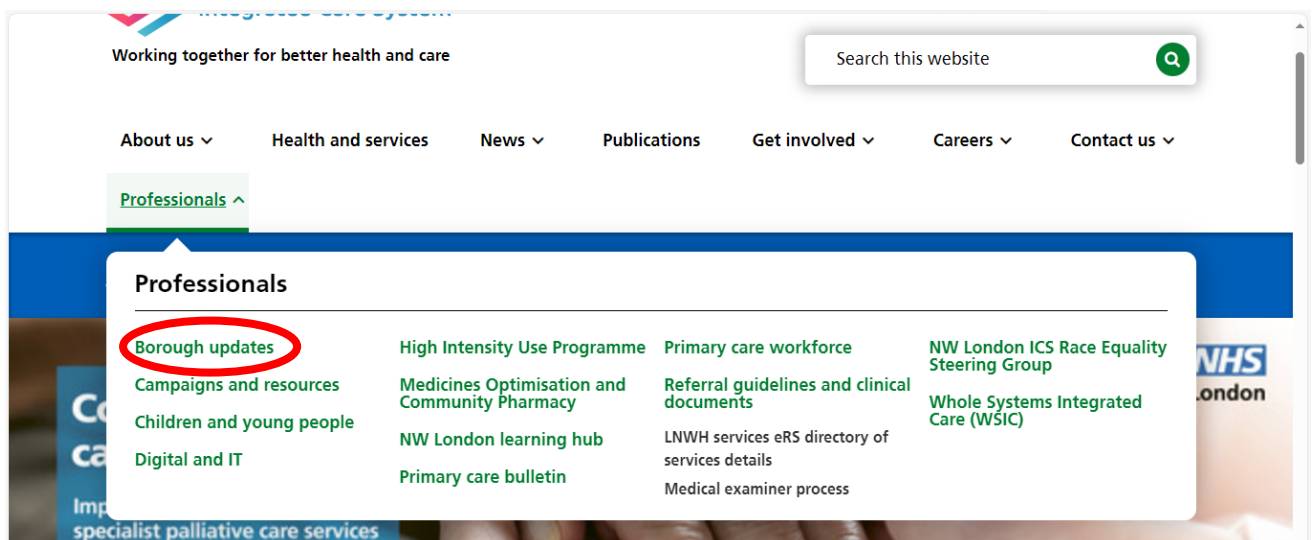

The password is: **Integration** (Please do not share this with the public, thank you).

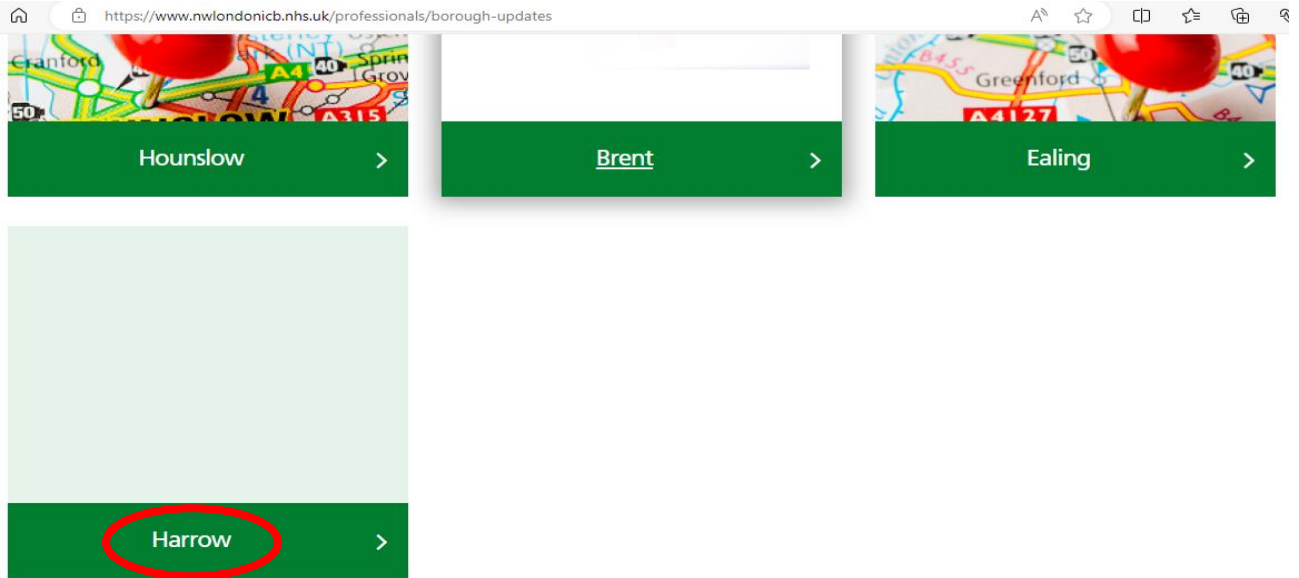

To navigate to the password-protected page, please follow the following steps. Either;

1. Go to the ICB's home page:  
[Home page: NHS North West London \(NHS NW London\) and North West London Integrated Care System \(NW London ICS\).](#)
2. Click on the **Professionals** tab (top left-hand corner):

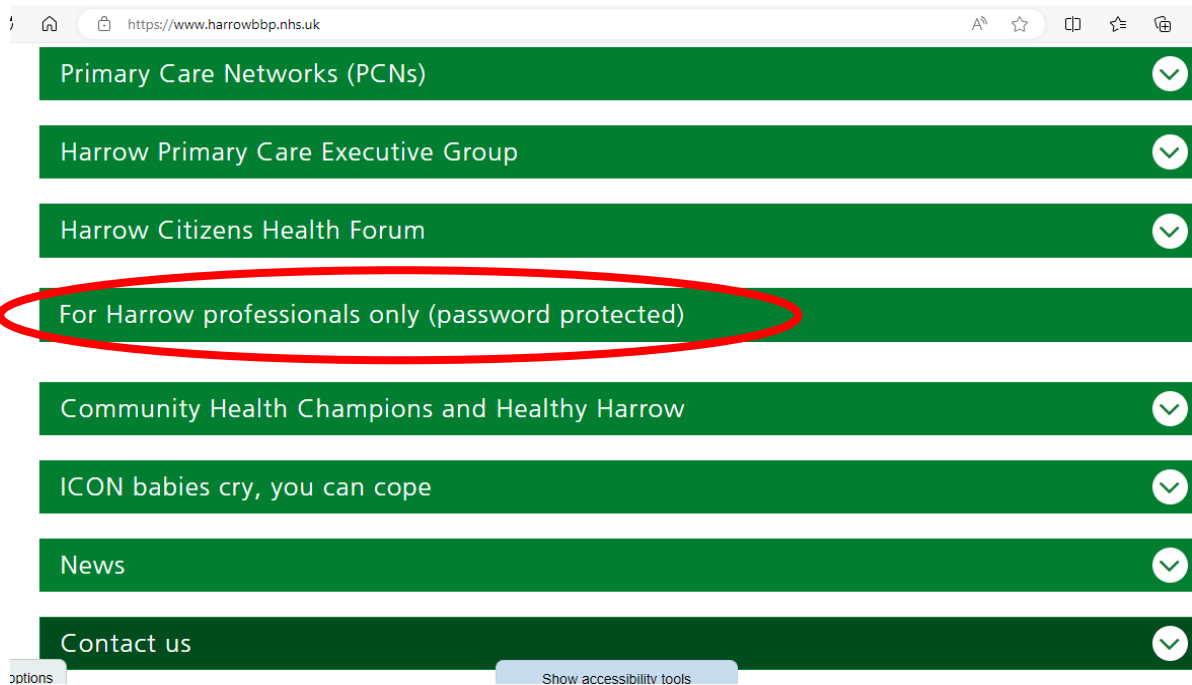

3. Click on **Borough Updates**, then **Harrow**:

4. Scroll down and click on the **For Harrow Professionals only (password protected)** tab:

Or;

Simply bookmark the following to **navigate directly to the Partnership's page**:

[Harrow Borough Based Partnership :: North West London ICS](https://www.harrowbbp.nhs.uk)

This is very much a work in progress, we would welcome any suggestions as to what additional resources you would like us to pull together – and please do share any resources you have, or are aware of, which you feel would be helpful to share with colleagues (please email me [laurence.hommel@nhs.net](mailto:laurence.hommel@nhs.net)). Please also let me know if you spot any inaccuracies or out of date information. We are working to remove the need to enter the password twice in accessing certain resources.

For information, London North West Hospital Trust is on the process of updating its internal directory (for all departments). Once this has been completed, we will inform practices and include a link on the Harrow Professionals website page.

Finally, a word of thanks to Phil Nicholls (ICB Communications Officer) for his help on this project.

*Laurence*
