

Get Enabled for GP Connect Access Record and Update Record – Join Our Quick & Easy Webinars!

GP Practices in England are required to enable GP Connect Access Record (HTML and Structured) and GP Connect Update Record by 1st October 2025 as a Contractual requirement.

To support busy London GP Practices, we're hosting a short regional webinar to quickly show you what you need to do if you are unsure.

Led by Dr Shanker Vijay (GP), the 15-minute session will walk you through exactly how to configure your clinical system — whether you're using Optum EMIS, TPP SystemOne, or Medicus.

Webinar Dates

- Tuesday 23rd September at 1:00 PM
[Join the meeting now](#) Meeting ID: 348 159 428 532 9 Passcode: uE7AA9QC
- Wednesday 9th October at 1:00 PM (if there was any reason you could not meet the 1st October deadline)
[Join the meeting now](#) Meeting ID: 327 389 648 145 8 Passcode: 22FR96LL

What to expect:

- Webinar will start by showing the exact steps that need to be done on EMIS, SystemOne and Medicus to enable all the functionality
- Brief overview of the functionality
- Live Q&A via chat — your questions will help shape a helpful FAQ shared with all participants

What do you need to do:

- Come prepared to follow what is shown and be able to make changes on your Clinical System as required

We look forward to seeing you at the webinars.
