

## Training Update 4 – 18<sup>th</sup> January 2024

### Welcome...

...to the fourth newsletter and update on the training programme for the Enhanced Services for NWL. This will provide you with a quick one page glance at what's happening with training for each of the services for further information. This is not about service delivery or contractual issues.

For details of all training, please go to the NWL Training Hub website on [www.nwltraininghub.co.uk](http://www.nwltraininghub.co.uk).

Further services will be starting later in the year including: Paediatric Phlebotomy, Insulin Initiation, AF, Respiratory Care. Lots more training planned... watch this space.

In the meantime, here are your Local Training Hub Lead Contact details:

Service	Training Status
Spirometry	Anyone wanting to train must be willing to work in one of the Borough Respiratory Diagnostic Hubs. For further information on the roles, training and support please email <a href="mailto:Sally.armstrong@nhs.net">Sally.armstrong@nhs.net</a>
Phlebotomy (adult)	Local Boroughs are organising training for anyone new to adult phlebotomy. For your local training hub lead contact, please see left.
Phlebotomy (paediatric)	We are funding 2 place per PCN. If you would like to attend this training, please fill in the expression of interest form on the following link: <a href="https://nwltraininghub.co.uk/paediatric-phlebotomy/">https://nwltraininghub.co.uk/paediatric-phlebotomy/</a>
Wound Care	Local Boroughs are organising (or have organised) update training for anyone who currently undertakes wound care. For anyone new to wound care, we are organising 2 sessions in the spring.
ABPM	We are planning 2 sessions for 22 <sup>nd</sup> February & 14 <sup>th</sup> March. Details will be sent out to training hub leads.
ECG	Training for GP's to interpret ECG's – Training has just been completed and no further dates are currently planned. If you would like to attend this training, please fill in the expression of interest form on the following link: <a href="https://nwltraininghub.co.uk/interpreting-ecg-training/">https://nwltraininghub.co.uk/interpreting-ecg-training/</a>
Diabetes (Level 1)	Foundation training is being funded for 3 places per PCN for pharmacists, Paramedics or Physician Associates. Information has been sent out to Training Hub Leads. Nurses can access their CPD funding if they would like to do the Foundation training. Please ask your local TH lead for further information on Nurse CPD. Diabetes foot care training is being planned.
Diabetes (Advanced)	Advanced (2.5 days Injectables) training is being funded for 2 clinicians per PCN. If you would like to attend this training, please fill in the expression of interest form on the following link: <a href="https://nwltraininghub.co.uk/advanced-diabetes-pitstop/">https://nwltraininghub.co.uk/advanced-diabetes-pitstop/</a>
Warfarin Monitoring	We are planning a session for new to monitoring as well as an update session.
Latent TB Testing	For the slides from the training on 15 <sup>th</sup> March 2023, please go to <a href="https://nwltraininghub.co.uk/latent-tb-testing-training-resources/">https://nwltraininghub.co.uk/latent-tb-testing-training-resources/</a>
Ring Pessary	The next training is on 30 <sup>th</sup> January, please book on the following link: <a href="https://medtribe.com/courses/ring-pessary-training">https://medtribe.com/courses/ring-pessary-training</a> . Please note, no more than one person per practice to attend the training
AF	We have a session planned for the 7 <sup>th</sup> February, please book on the following link: <a href="https://nwltraininghub.co.uk/events/af-spec-for-enhanced-services-webinar-2/">https://nwltraininghub.co.uk/events/af-spec-for-enhanced-services-webinar-2/</a>
