

Dear Colleagues,

The Spring 2025 campaign to all the eligible cohorts for a COVID-19 vaccination ended on **Tuesday 17 June 2025**.

COVID-19 vaccination of severely immunosuppressed individuals (aged 6 months and over) will continue from 18 June 2025

The Green Book states that severely immunosuppressed individuals aged 6 months and over (as defined in boxes 1 and 2 of Chapter 14a) may be considered for catch-up or in some cases additional vaccination before the next seasonal campaign. This should be based on clinical judgement and aligned to the recommendations in the Green Book. Vaccination must be provided under a prescriber model and tailored to the individual.

In NWL, access for these eligible residents will be available at *Park Royal Medical Practice* in Brent. Please see referral pathway details below for the attention of GPs and Clinicians.

Park Royal Medical Practice in Brent (Saturday only)

For individuals aged 6 months and over who are immunosuppressed from a non-Harness PCN practices, the GP or a referring clinician can send the patient details (including name, NHS number, date of birth, and reason for the vaccine) to harness.enhancedaccess@nhs.net or call on The Single Point of Access (SPA) number : **02081947355**

Upon receiving the referral, it will be triage and an appropriate appointment will be scheduled for the patient.

Site team will also acknowledge the referral email and provide any necessary updates. After administering the vaccine, vaccination details will be entered on a point of care system and the referring GP or clinician will be informed.

Thank you for your continued support and please contact nhsnwl.immunisations@nhs.net with any queries.
